

Boston Woman Recommending It To Her Friends

Popular Boston Lady Says Toneline Has
Proven a Godsend to Her

It is always interesting to listen to the statements of our friends and especially when you know they are sincere and honest in what they say. Added interest is created in a statement coming from one who has spent a lifetime in Boston, where she is well known socially.

Such a person is Annie Stewart, who resides in Boston and is possessed of the respect and confidence of her associates, and is willing for anyone to call on her to verify the following signed testimonial:

"I have suffered with stomach trouble for the past seven years. I took the form of indigestion and dyspepsia. I had dizzy spells and headaches, and after I ate a little food it would ferment and cause gas to form in my stomach. I had pains all over my body, and was chronically constipated. My liver was torpid, and I felt generally miserable. I had been in the hospital, but received no permanent relief. I was so nervous and restless that at night I could scarcely sleep. The gas pressing under my heart caused palpitation and when I arose in the morning I was just as tired as when I retired. About two weeks ago I began to take Toneline, and I can truthfully state that it has done wonders in my case. I am feeling like a new woman and can eat any kind of food. I sleep the night through and have no more aches or pains. In fact, it has cured me, and I am recommending it to all of my friends, as it has been a Godsend to me."

All druggists sell and guarantee Toneline.

There are numerous symptoms of this trouble that Toneline can relieve. In fact, any of the following may be noted affections of the stomach: Indigestion, dyspepsia, belching of wind, bad breath, sick throbbing headache, poor circulation, night sweats, that tired feeling, costiveness, coated tongue or a poor complexion.

Caution:—As Toneline is recommended as a flesh builder those not wishing to increase their weight 15 pounds or more should not take it continuously.—Adv.

PROMINENT YOUNG MAN.

Who has recently finished a medical course in Meharry Medical College, class '17, is a Floridian by birth, a prominent young minister, a careful and deep thinker, positive in his college work in Columbia Union, yet friendly. While studying at N. Y. City, making ready for Meharry, he won the careful consideration of his teachers and classmates while there. He is a graduate from that institution, also from the Georgia State College, Savannah, Ga. A Theological course from Edward Waters A. M. E. College, Jacksonville, Fla. A degree has been conferred upon him as D. D., from Turner College for the most excellent work he has done in the Christian ministry, and his scholarly ability. A degree of B. S. was conferred by Columbia University for his careful and exact work. He has held honorable positions in the states of Fla., Ga., and Ala., for a short while, May 3, the

degree of M. D. was conferred upon him by the Meharry Medical College, of which institution he won for himself a confidence of that great school. He passed the Medical State Board with one of the highest averages. During his four years of medical preparation in Nashville, he pastored the following churches: Sevel St. in which church quite three-fourths of a hundred members were added, the greatest revival ever held in that part of the city was held there. Dr. Spears will never be satisfied until he beats himself each year. He pastored St. James, East Nashville, in which church new life was taken on, and a great congregation was built up. At present he is located on Cedar street, 418 1-2 Johnson Building, as a careful practitioner of medicine. Also he has one of the best little churches in the city, a popular church which goes to say.

The wishes of his many friends are that his will be a success. We ask for him your patronage of which he is worthy of your confidence.

When he was asked if he thought it right to train himself and help protect this country, he said at once, "I will do what I am asked to do. Obedience has gained for him a place in the hearts of the high officials of his church and government. When he was eighteen years old he was appointed notary public by Gov. Jennings of the state of Florida. In that office he served well for two years, but feeling he had a greater calling, he continued to study. Now his life is before us as a useful servant for the whole people.

Says a Glass of Hot Water Every Morn- ing Before Break- fast Will Take Off Fat If You Get More Fresh Air

Be Moderate in Your Diet and
Reduce Your Weight With
Tas-co

Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs is hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply and get from any drugist a box of Tasco, take a glass of hot water every morning before breakfast then take Tasco after each meal and at bedtime.

Wash yourself every few days and keep up the treatment until you are down to normal. Tasco is absolutely harmless, is pleasant to take, helps the digestion and is designed to increase the oxygen-carrying power of the blood.

Even a few days' treatment should show a noticeable reduction in weight. There is nothing better for obesity.—Adv.
